

# **GOOD TO US**

By Casey Whitaker

## **Verse 1**

Here am I, I'm broken again  
My Heart's torn within my chest  
Here am I, strength wearing thin  
Down on my knees again, searching for your love

## **Pre-Chorus**

Now we sing, now we sing

## **Chorus**

God you are good to us, God you are glorious  
Come let your presence fill this place, and fill our hearts  
Lord you are obvious, Lord you are famous  
Come let your presence fill this place, and fill our hearts

## **Verse 2**

There's a song deep in our hearts  
To lift your name high above everything else  
As we lay down at your feet  
Only you can provide all the grace that we need

## **Pre-Chorus**

## **Chorus**

## **Bridge x2**

We sing because we're grateful, Inside our hearts are thankful  
We bring to you a song of praise

## **Chorus**
