

# OUR MELODY

By Casey Whitaker & AJ Cheek

## Verse 1

Would you take me in, with this mess I've got myself in  
Woahoahoo Woahoahoo  
Would you hear my cry, turn my darkness into light  
Woahoahoo Woahoahoo

## Pre-Chorus

Suddenly you brought me back to life  
I could feel my lungs fill up with hope inside

## Chorus

This is our song, you were with us all along  
This is our melody  
This is our cry when the valley's running dry  
This is our melody

## Verse 2

I felt all alone, but you brought life to these dry bones  
Woahoahoo Woahoahoo  
You opened up my eyes, turn my wrongs into rights  
Woahoahoo Woahoahoo

## Pre-Chorus

I will sing the anthem of your love  
I will sing the anthem of your love

## Chorus

## Bridge x2

You are faithful, you are true  
You are worthy, you are making us new

## Chorus
